SpellPundit Spelling and Vocabulary Coaching Program

Overview:

SpellPundit's coaching program is designed to help K-8 students build strong foundational skills in spelling and vocabulary, ultimately preparing them to excel at the Scripps National Spelling Bee, SpellPundit National Bee, and other elite competitions. The program emphasizes language roots, spelling rules, and consistent practice using a structured, multi-quarter curriculum. Students will learn to decode challenging words, build etymological awareness, and gain confidence through expert instructions and engaging lessons.

Program Goals

Beginner (Grades K-3):

- Learn dictionary navigation, diacritical marks, basic word construction, and common Greek roots.
- Build familiarity with high-frequency spelling bee words (WOTC and CWL).
- Target:** Win school/district bees and place in the top 10 in junior national bees.

Intermediate (Grades 4-8):

- Deepen mastery of spelling rules, roots (Greek, Latin, French, etc.), and complex word structures.
- Understand diverse language patterns and etymology across European and world languages.
- Target:** Win regional bees and place in the top 10 in senior national bees.

Advanced (Grades 5-8):

- For spellers qualified for Scripps or ranked in the top 20 at SpellPundit or similar bees.
- Coached by former national-level champions or finalists.
- Intensive, customized training to master high-difficulty words and strategies.
- Target:** Scripps national spelling bee semifinalist and high ranking national competitor.

Program Structure

- Class Frequency:** 1 class/week (~1 hour)
- Minimum 12 classes**
- Total Classes:** ~48 per year (12 per quarter minimum)
- Format:** Small groups (3-4 students)
- Class Size:** Online, with weekend and weekday options
- Homework:** Weekly assignments based on class content
- Curriculum Focus:** Spelling rules, word origins, dictionary use, roots, and language patterns recognition
- Mock Spelling Bee:** Mock spelling bees are conducted to simulate real competition settings and improve on-stage confidence.

Fees and Requirements

Level	Cost (per quarter)	Classes	Word Lists Needed
Beginner	\$300	12	Beginner Coaching Package
Intermediate	\$360	12	Discount Package 1
Advanced	\$480	12	All Modules

- Word lists must be purchased separately unless already owned
- Homework assignments will draw from these word lists and additional course materials

Curriculum Highlights

The SpellPundit Coaching Program has structured curriculum that is delivered in four quarters, with one class per week, providing steady, deep learning that builds from the foundations of spelling to advanced etymology and linguistic patterns.

Each class is dynamic and interactive, blending expert instruction, real-time quizzes, focused homework, and proven strategies to decode even the most challenging words. Our goal is to equip students with the tools, confidence, and mindset needed to succeed at every stage—culminating in mastery for the national stage.

- Crash course

Beginners

The beginners coaching sessions focus on building strong foundations through detailed concept explanations, interactive discussions, and guided practice.

Quarter 1: Foundations of Spelling and Word Structure

Focus: Spelling rules, word components, and Greek roots.

1. Introduction to the Dictionary & Diacritical Marks

Learn how to navigate the dictionary, understand pronunciation keys, and interpret diacritical symbols.

2. Spelling Rules – Overview

Explore essential spelling conventions and general patterns in English.

3. Spelling Rules – Practice & Application

Practice applying rules through sample word sets and decoding exercises.

4. Spelling Rules – Continued

Master exceptions and tricky rules that often confuse spellers.

5. Rule-Breakers: Words Without Strong Rules

Tackle high-frequency irregular words that defy traditional patterns.

6. Word Construction: Prefixes, Roots, and Suffixes – I

Break down words into their building blocks for easier recall and decoding.

7. Prefixes, Roots, and Suffixes – II

Deepen understanding with practice-based learning and group activities.

8. Prefixes, Roots, and Suffixes – III

Explore uncommon affixes and compound formations.

9. Common Greek Roots – I

Begin exploring Greek origins that form the backbone of spelling bee vocabulary.

10. Common Greek Roots – II

Learn and practice the most commonly used Greek roots along with their meanings.

11. Common Greek Roots – III

Learn and practice the most commonly used Greek roots along with their meanings Contd.

12. Common Greek Roots – IV

Practice decoding long and technical words derived from Greek.

Quarter 2: Language Origins and Word Patterns – Part I

Focus: Latin roots and Romance language spelling patterns.

1. Common Latin Roots – I

Assimilatory, homophonous, prepositional, and roots with tricky spellings.

2. Common Latin Roots – II

Common Latin roots by categories.

3. Common Latin Roots – III

Common Latin roots by categories cont'd.

4. Common Latin Roots – IV

Common Latin roots by categories cont'd.

5. Common Latin Roots – V

Common Latin suffixes and prefixes.

6. Common Latin Roots – VI

Common Latin suffixes and prefixes cont'd.

7. Scripps Published Lists Practice

School Spelling Bee List Practice (Three Bee).

8. Scripps Published Lists Practice

2026 WOTC List Practice.

9. Scripps Published Lists Practice

Roots based Practice for WOTC List.

10. French Language Patterns

Learn the tricky French-origin English spellings through vowel and consonant patterns.

11. Common French Roots and Suffixes

Learning the most common French suffixes, roots, and their meanings.

12. Mastering French Words

Spellings and Vocabulary by Themes.

Quarter 3: Language Origins and Word Patterns – Part II

Focus: English, Latin, Greek, and vocabulary word power

1. English Language Patterns – Consonant Rules

Understand English consonant rules and how to manage exceptions.

2. English Language Patterns – Vowel Rules

Learn English vowel patterns and manage inconsistencies.

3. Latin Language Patterns

Recognize typical endings and sounds in Latin-derived words.

4. Common Latin Roots for verbs, nouns

Learn Latin roots for verbs ending in -are, -ere, or -ire, and -us.

5. Important Latin roots by semantic themes

Learn Latin roots by themes like nature, anatomy, materials, tools, emotions, etc.
