

THE LUNAR LEARNING & ASSESSMENT JOURNEY

Learn. Discover. Challenge. Excel.

At MaRRS, assessment is not just about testing what a learner remembers.

It is about discovering **what they understand, how they apply it, where they can improve, and how far they can go.**

Our progressive assessment framework moves every learner from **daily learning to national recognition** through a carefully designed journey of practice, assessment, challenge and achievement.

☆ Program Highlights

- ◆ Structured Mathematics Assessment: A systematic online mathematics testing programme designed for students from Grades 1 to 9.
- ◆ Continuous Practice & Progress: Regular monthly, quarterly and half-yearly assessments to reinforce learning, track progress and build confidence.
- ◆ Learning Meets Competition: Combines continuous learning support with opportunities for national-level competitive exposure.
- ◆ Curriculum-Aligned: Fully aligned with the NCERT curriculum and the principles of the National Education Policy (NEP).
- ◆ Complete Preparation Support: Comprehensive study materials, practice tests and mock tests to help students prepare effectively and perform with confidence.
- ◆ Performance Insights: Regular assessments help learners identify their strengths, address learning gaps and continuously improve their mathematical skills.

☆ Why This Program?

- ◆ Builds Consistent Practice: Regular weekly assessments help students develop a strong and consistent mathematics practice habit.
- ◆ Strengthens Mathematical Foundations: Reinforces core concepts while progressively developing logical thinking, reasoning and problem-solving skills.
- ◆ Progressive Learning Journey: The Starter, Mover and Flyer levels provide increasing challenges, encouraging students to build confidence and progress at every stage.
- ◆ Motivates Through Recognition: Outstanding achievement is recognised through medals and certificates at the national level, motivating learners to strive for excellence.
- ◆ Instant Feedback: Students receive immediate feedback after each test, helping them understand their performance and identify areas for improvement.
- ◆ Learn, Practise, Progress: Every assessment becomes an opportunity to strengthen understanding, overcome learning gaps and move confidently to the next level.

☆ Syllabus Design

- ◆ NCERT & NEP Aligned: The syllabus is based on the NCERT curriculum and aligned with the National Education Policy (NEP), with emphasis on holistic, conceptual and competency-based learning.
- ◆ Systematic Concept Progression: Mathematical concepts are introduced in a structured sequence—from number sense and fundamental arithmetic in the primary grades to algebra, geometry, probability and data handling in the higher grades.
- ◆ Progressive Learning: Each academic year builds upon previous learning by introducing new concepts, deeper applications and increasingly challenging problems, enabling students to develop mathematical thinking progressively.
- ◆ Concept to Application: The syllabus goes beyond learning procedures, encouraging students to understand concepts, apply them in different contexts and develop logical and analytical thinking.

☆ **Test Structure**

01 | BASELINE

5 Tests per Unit | Downloadable

Every learning journey begins with a **Baseline**.

These short, focused assessments measure daily learning acquisition and help ensure that learners have understood the concepts introduced during each session.

Baseline helps learners:

- ◆ Check their understanding
- ◆ Identify gaps early
- ◆ Reinforce newly acquired skills
- ◆ Build confidence before moving ahead

Learn → Check → Strengthen

02 | FOUNDATION

Weekly Foundation Assessment

1 Test per Unit | Downloadable

Five days of learning come together in the Foundation Assessment.

This weekly assessment measures learning outcomes across the week's sessions and helps identify concepts that need additional practice or reinforcement.

Consolidate → Assess → Improve

03 | STARTER

Starter Assessment

Scheduled Periodically | Online

Every learner needs to know where they stand.

The Starter Assessment provides periodic benchmarking and enables learners to evaluate their performance relative to the wider learning community.

It is not simply a test score—it is a starting point for the next level of improvement.

Benchmark → Discover → Progress

04 | MOVER

Mover Assessment

After Every 8 Units | Offline

It's time to move beyond individual concepts.

The Mover Assessment brings together learning from multiple units and challenges learners to apply concepts in new and increasingly complex situations.

Students are encouraged to connect ideas, apply knowledge and think beyond familiar examples.

Connect → Apply → Advance

05 | FLYER

Flyer Assessment

After Every 24 Units | Offline

Ready to fly higher?

The Flyer Assessment is a major milestone in the learning journey.

It challenges learners with advanced questions requiring:

Analysis ♦ Reasoning ♦ Application ♦ Problem Solving

Students must go beyond knowing the answer—they must demonstrate that they can think, connect and solve.

Analyse → Reason → Solve → Excel

LEARNING PLAN - CLASS 1

UNIT	
1	Counting 1–20
2	Comparing Numbers
3	Number Patterns and Missing Numbers
4	Combined Test
5	Addition within 10
6	Addition within 20
7	Mental Addition
8	Combined Test

UNIT	MOVER TEST
9	Subtraction within 10
10	Subtraction within 20
11	Addition & Subtraction Story Problems
12	Combined Test
13	Shapes Around Us
14	Basic 2D Shapes
15	Shape Patterns and Visual Reasoning
16	Combined Test

UNIT	MOVER TEST
17	Length Comparison
18	Weight Comparison
19	Capacity Comparison
20	Combined Test
21	Day/Night, Days of Week
22	Calendar Basics
23	Coins, Simple Data
24	Combined Test

UNIT	FLYER TEST
25	Counting & Number Sense Revision
26	Comparing Numbers Revision
27	Patterns Revision
28	Combined Test
29	Addition Revision
30	Subtraction Revision
31	Mixed Operations
32	Combined Test

UNIT	MOVER TEST
33	Shapes Revision
34	Length & Weight Revision
35	Capacity Revision
36	Combined Test
37	Days, Months, Calendar
38	Money Concepts
39	Data Handling
40	Combined Test
41	Numbers & Operations
42	Shapes & Patterns

UNIT	MOVER TEST
43	Measurement
44	Time, Money & Data
45	Mixed Practice
46	Problem Solving
47	Mental Math Challenge
48	Grand Revision: FLYER TEST
49	Class 2 Preview: Numbers up to 100
50	Two-Digit Addition & Subtraction
51	Introduction to Multiplication (Repeated Addition)
52	Class 2 Readiness Assessment

LEARNING PLAN - CLASS 2

UNIT	
1	Numbers up to 100
2	Numbers up to 1000
3	Place Value (Hundreds, Tens, Ones)
4	Combined Test
5	Two-Digit Addition
6	Three-Digit Addition
7	Mental Addition & Number Tricks
8	Combined Test

UNIT	MOVER TEST
9	Two-Digit Subtraction
10	Three-Digit Subtraction
11	Addition & Subtraction Word Problems
12	Combined Test
13	Repeated Addition
14	Introduction to Multiplication
15	Multiplication Tables (2, 3, 5, 10)
16	Combined Test

UNIT	MOVER TEST
17	Length Measurement
18	Weight and Capacity
19	2D & 3D Shapes
20	Combined Test
21	Time (Clock Reading, AM/PM Basics)
22	Money (Notes and Coins)
23	Data Handling (Pictographs)
24	Combined Test

UNIT	FLYER TEST
25	Numbers & Place Value Revision
26	Number Patterns
27	Comparing and Ordering Numbers
28	Combined Test
29	Addition Revision
30	Subtraction Revision
31	Mixed Operations
32	Combined Test

UNIT	MOVER TEST
33	Multiplication Revision
34	Length, Weight & Capacity
35	Shapes and Spatial Reasoning
36	Combined Test
37	Calendar & Time
38	Money Transactions
39	Pictographs and Data Interpretation
40	Combined Test
41	Numbers & Place Value
42	Addition & Subtraction

UNIT	MOVER TEST
43	Multiplication
44	Measurement & Geometry
45	Time & Money
46	Data Handling
47	Mental Math Challenge
48	Grand Revision: FLYER TEST
49	Class 3 Preview : Numbers up to 10,000
50	Multiplication of Larger Numbers
51	Introduction to Division
52	Class 3 Readiness Assessment

LEARNING PLAN - CLASS 3

UNIT	
1	Numbers up to 10,000
2	Place Value
3	Comparing Numbers
4	Combined Test
5	Addition
6	Subtraction
7	Word Problems
8	Combined Test

UNIT	MOVER TEST
9	Multiplication Concepts
10	Multiplication
11	Applications
12	Combined Test
13	Division Concepts
14	Division
15	Applications
16	Combined Test

UNIT	MOVER TEST
17	Fractions
18	Equivalent Fractions
19	Applications
20	Combined Test
21	Length,Weight
22	Capacity
23	Time
24	Money

UNIT	FLYER TEST
25	Shapes
26	Angles
27	Perimeter
28	Combined Test
29	Data Handling
30	Bar Graphs
31	Patterns & Reasoning
32	Combined Test

UNIT	MOVER TEST
33	Mental Math
34	Mixed Applications
35	Higher-order Problems
36	Combined Test
37	Numbers Revision
38	Addition & Subtraction Revision
39	Multiplication Revision
40	Division Revision
41	Fractions Revision
42	Measurement Revision

UNIT	MOVER TEST
43	Geometry Revision
44	Data Handling Revision
45	Mental Math
46	Patterns & Reasoning
47	Full Syllabus Practice
48	Grand Revision: FLYER TEST
49	Class 4 Preview : Numbers up to Lakhs
50	Large Number Operations
51	Introduction to Area
52	Class 4 Readiness Assessment

LEARNING PLAN - CLASS 4

UNIT	
1	Numbers up to Lakhs
2	Place Value and Expanded Form
3	Comparing and Ordering Numbers
4	Combined Test
5	Operations of Large Numbers
6	Word Problems
7	Multiplication Concepts
8	Combined Test

UNIT	MOVER TEST
9	Multiplication of Large Numbers
10	Multiplication Applications
11	Division Concepts
12	Combined Test
13	Long Division
14	Division Applications
15	Roman Numerals
16	Combined Test

UNIT	MOVER TEST
17	Factors and Multiples
18	Fractions
19	Equivalent Fractions
20	Combined Test
21	Geometry – Lines and Angles
22	Symmetry
23	Perimeter
24	Area

UNIT	FLYER TEST
25	Measurement (Length, Weight, Capacity)
26	Time Elapsed
27	Calender
28	Combined Test
29	Money and Transactions
30	Data Handling
31	Bar Graphs and Interpretation
32	Combined Test

UNIT	MOVER TEST
33	Patterns and Logical Reasoning
34	Mental Mathematics
35	Mixed Application Problems
36	Combined Test
37	Number System Revision
38	Addition & Subtraction Revision
39	Multiplication Revision
40	Combined Test
41	Division Revision
42	Factors, Multiples & Fractions Revision

UNIT	MOVER TEST
43	Geometry Revision
44	Measurement, Time & Money Revision
45	Combined Test
46	Data Handling Revision
47	Full Syllabus Practice
48	Grand Revision: FLYER TEST
49	Class 5 Preview : Decimal Numbers
50	Advanced Fraction Concepts
51	Introduction to Volume
52	Class 5 Readiness Assessment

LEARNING PLAN - CLASS 5

UNIT	
1	Large Numbers and Place Value
2	Comparing, Ordering and Rounding Numbe
3	Number Patterns
4	Combined Test
5	Operations of Large Numbers
6	Word Problems & Real-Life Applications
7	Roman Numerals
8	Combined Test

UNIT	MOVER TEST
9	Multiplication Strategies
10	Division Strategies
11	Multi-Step Problems
12	Combined Test
13	Understanding Fractions
14	Equivalent & Comparison of Fractions
15	Introduction to Decimals
16	Combined Test

UNIT	MOVER TEST
17	Lines, Angles & Shapes
18	Symmetry & Patterns
19	Perimeter & Area
20	Combined Test
21	Length, Weight & Capacity
22	Time & Money
23	Tables, Graphs & Data Interpretation
24	Combined Test

UNIT	FLYER TEST
25	Number Patterns
26	Logical Reasoning
27	Problem Solving Strategies
28	Combined Test
29	Shopping Mathematics
30	Travel & Time Problems
31	Measurement in Daily Life
32	Combined Test

UNIT	MOVER TEST
33	Mixed Fractions & Decimals
34	Mixed Geometry Problems
35	Multi-Concept Challenges
36	Combined Test
37	Number System Revision
38	Operations Revision
39	Fractions & Decimals Revision
40	Combined Test
41	Geometry Revision
42	Measurement Revision

UNIT	MOVER TEST
43	Data Handling Revision
44	Mixed Concept Practice
45	Combined Test
46	Higher-Order Thinking Problems
47	Mental Math Challenge
48	Grand Revision: FLYER TEST
49	Class 6 Preview : Integers
50	Ratio & Proportion
51	Algebra Readiness
52	Class 6 Readiness Assessment

LEARNING PLAN - CLASS 6

UNIT	
1	Whole Numbers and Number System
2	Factors and Multiples
3	Divisibility Patterns
4	Combined Test
5	Integers
6	Operations on Integers
7	Real-Life Applications of Integers
8	Combined Test

UNIT	MOVER TEST
9	Fractions
10	Decimals
11	Fractions and Decimals Applications
12	Combined Test
13	Ratio and Proportion
14	Percent Concepts (Introductory)
15	Everyday Applications
16	Combined Test

UNIT	MOVER TEST
17	Algebraic Expressions
18	Simple Equations
19	Pattern-Based Algebra Congruence and
20	Combined Test
21	Basic Geometry
22	Angles and Constructions
23	Symmetry
24	Combined Test

UNIT	FLYER TEST
25	Perimeter and Area
26	Mensuration Applications
27	Data Handling
28	Combined Test
29	Graphs and Interpretation
30	Logical Reasoning
31	Mathematical Investigations
32	Combined Test

UNIT	MOVER TEST
33	Mental Mathematics
34	Multi-Concept Problem Solving
35	Real-Life Mathematics Projects
36	Combined Test
37	Whole Numbers and Integers Revision
38	Fractions and Decimals Revision
39	Ratio and Algebra Revision
40	Combined Test
41	Geometry Revision
42	Mensuration Revision

UNIT	MOVER TEST
43	Data Handling Revision
44	Mixed Concept Practice
45	Combined Test
46	Higher-Order Thinking Problems
47	Mental Math Challenge
48	Grand Revision: FLYER TEST
49	Class 7 Preview : Rational Numbers
50	Percentage and Profit-Loss Foundations
51	Advanced Algebra Readiness
52	Class 7 Readiness Assessment

LEARNING PLAN - CLASS 7

UNIT	
1	Rational Numbers
2	Operations on Rational Numbers
3	Number Patterns and Applications
4	Combined Test
5	Fractions, Decimals and Percentages
6	Percentage Applications
7	Real-Life Percentage Problems
8	Combined Test

UNIT	MOVER TEST
9	Ratio and Proportion
10	Unitary Method
11	Practical Applications
12	Combined Test
13	Algebraic Expressions
14	Simple Linear Equations
15	Pattern-Based Algebra
16	Combined Test

UNIT	MOVER TEST
17	Lines and Angles
18	Triangles and Properties
19	Congruence and Reasoning
20	Combined Test
21	Perimeter and Area
22	Practical Geometry
23	Visualising Solid Shapes
24	Combined Test

UNIT	FLYER TEST
25	Data Handling
26	Graphs and Interpretation
27	Probability (Introduction)
28	Combined Test
29	Comparing Quantities
30	Profit and Loss
31	Simple Interest
32	Combined Test

UNIT	MOVER TEST
33	Mathematical Reasoning
34	Multi-Concept Problem Solving
35	Real-Life Mathematical Applications
36	Combined Test
37	Rational Numbers Revision
38	Percentages, Ratio and Proportion Revision
39	Algebra Revision
40	Combined Test
41	Geometry Revision
42	Mensuration Revision

UNIT	MOVER TEST
43	Data Handling and Probability Revision
44	Mixed Concept Practice
45	Combined Test
46	Higher-Order Thinking Problems
47	Mental Math Challenge
48	Grand Revision: FLYER TEST
49	Class 8 Preview : Exponents and Powers
50	Advanced Algebra Readiness
51	Coordinate Geometry (Introduction)
52	Class 8 Readiness Assessment

LEARNING PLAN - CLASS 8

UNIT	
1	Rational Numbers
2	Exponents and Powers
3	Number Patterns and Applications
4	Combined Test
5	Algebraic Expressions
6	Linear Equations in One Variable
7	Applications of Algebra
8	Combined Test

UNIT	MOVER TEST
9	Comparing Quantities
10	Percentages and Discounts
11	Profit, Loss and Tax Concepts
12	Combined Test
13	Direct and Inverse Proportion
14	Practical Applications of Proportion
15	Mathematical Modelling
16	Combined Test

UNIT	MOVER TEST
17	Understanding Quadrilaterals
18	Practical Geometry
19	Visualising Shapes and Symmetry
20	Combined Test
21	Mensuration (Area)
22	Surface Area and Volume
23	Real-Life Mensuration Problems
24	Combined Test

UNIT	FLYER TEST
25	Graphs and Data Interpretation
26	Probability
27	Statistics
28	Combined Test
29	Introduction to Coordinate Geometry
30	Mathematical Reasoning
31	Multi-Concept Problem Solving
32	Combined Test

UNIT	MOVER TEST
33	Mental Mathematics
34	Higher-Order Thinking Problems
35	Real-Life Mathematical Applications
36	Combined Test
37	Rational Numbers and Exponents Revision
38	Algebra Revision
39	Comparing Quantities and Proportion Revision
40	Combined Test
41	Geometry Revision
42	Mensuration Revision

UNIT	MOVER TEST
43	Data Handling and Probability Revision
44	Statistics Revision
45	Combined Test
46	Higher-Order Thinking Problems
47	Mental Math Challenge
48	Grand Revision: FLYER TEST
49	Class 9 Preview : Introduction to Polynomials
50	Coordinate Geometry Extensions
51	Algebra Readiness for Class 9
52	Class 9 Readiness Assessment

LEARNING PLAN - CLASS 9

UNIT	
1	Number Systems
2	Real Numbers and Applications
3	Mathematical Patterns and Reasoning
4	Combined Test
5	Polynomials
6	Algebraic Identities
7	Applications of Polynomials
8	Combined Test

UNIT	MOVER TEST
9	Linear Equations in Two Variables
10	Coordinate Geometry
11	Graphical Interpretation
12	Combined Test
13	Lines and Angles
14	Triangles
15	Congruence and Proof
16	Combined Test

UNIT	MOVER TEST
17	Quadrilaterals
18	Circles
19	Geometrical Applications
20	Combined Test
21	Heron's Formula
22	Surface Areas and Volumes
23	Mensuration Applications
24	Combined Test

UNIT	FLYER TEST
25	Statistics
26	Data Interpretation
27	Probability
28	Combined Test
29	Financial Mathematics
30	Mathematical Modelling
31	Multi-Concept Problem Solving
32	Combined Test

UNIT	MOVER TEST
33	Logical Reasoning
34	Higher-Order Thinking Problems
35	Real-Life Mathematical Applications
36	Combined Test
37	Number Systems Revision
38	Algebra Revision
39	Coordinate Geometry & Linear Equations Revision
40	Combined Test
41	Geometry Revision
42	Mensuration Revision

UNIT	MOVER TEST
43	Statistics & Probability Revision
44	Mixed Concept Practice
45	Combined Test
46	Higher-Order Problem Solving
47	Mental Math & Reasoning Challenge
48	Grand Revision: FLYER TEST
49	Class 10 Preview : Quadratic Equations (Introduction)
50	Trigonometry Readiness
51	Advanced Algebra Readiness
52	Class 10 Readiness Assessment

OFFLINE TEST SCHEDULE

TEST	SCOPE OF ASSESSMENT- PROGRESSIVE	MONTH
Mover-1	8 Units	July
Mover-2	16 Units	August
Flyer-1	24 Units	September
Mover-3	32 Units	October
Mover-4	40 Units	November
Flyer-2	48 Units	January
National Readiness Test	52 Units	February
