

★ Program Highlights

- Structured online math testing program for Grades 1 to 8.
- Regular practice through monthly, quarterly, and half-yearly tests.
- Provides both continuous learning support and competitive exposure at the national level.
- Fully aligned with the NCERT syllabus and the National Education Policy (NEP) framework.
- We provide comprehensive study materials, practice tests and mock tests to ensure effective preparation.

★ Why This Program?

- Ensures consistent practice with weekly tests.
- Builds a strong foundation while improving problem-solving skills.
- Encourages confidence through progressive levels (Starter, Mover, Flyer).
- Recognizes achievers with medals and certificates at the national level.
- Provides instant feedback after each test.

★ Syllabus Design

- Based on the NCERT curriculum and aligned with NEP guidelines for holistic and competency-based learning.
- Core topics progress systematically from number sense and arithmetic in lower grades to algebra, geometry, probability, and data handling in higher grades.
- Each year introduces new topics, deeper applications, and higher-level problems.

★ Test Structure

- Starter Tests (Every Month): Four weekly online tests mapped to the school curriculum; focus on practicing fundamentals.
- Mover Tests (Once in 3 Months): Higher-level assessments to apply concepts in more challenging ways.
- Flyer Test (Once in 6 Months): The ultimate challenge with advanced analytical and problem-solving questions.
- Each test includes basic, intermediate, and advanced-level questions so that all students face a balanced challenge.
- To strengthen learning, each test also contains a few questions from previous sessions for revision and long-term retention.

★ Category Division

- Category 1: Grades 1–2
- Category 2: Grades 3–5
- Category 3: Grades 6–8

★ Progression System

Even if a student remains in the same category the next year, they will still face:

- New questions aligned with their grade.
- More difficult and varied questions.
- Exposure to higher-order skills and reasoning.

★ Outcome:

A growth-focused journey that improves accuracy, problem-solving speed, builds confidence, and prepares students for advanced mathematics early.

LUNAR ASSESSMENTS

12 STEPS TO PROGRESSIVE LEARNING

Months	Weeks		Content Breakdown		
			Category 1(Grades 1 and 2)	Category 2 (Grades 3, 4, 5)	Category 3 (Grades 6, 7, 8)
I	1	STARTER TESTS	Numbers 0-20	Addition (3-digit with re grouping)+Subtraction	Integers
	2		Addition (Single-digit)	Multiplication(Tables1-10)	Fractions & Decimals
	3		Subtraction (Single-digit)	Division (2-digit÷1-digit)	Combined Test (Integers + Fractions)
	4		Combined Test (Numbers/ Add/ Sub)	Place Value (4-digit)	Exponents
II	5	STARTER TESTS	Numbers 21-50	Combined Test (Add/ Sub/ Mult/ Div)	Sqaes & Roots+ Cube & cube roots
	6		Measurement (Length/ Weight/ Capacity)	Fractions (Like denominators)	Rational and Irrational numbers
	7		Time(O'Clock)	Roman Numerals (I to C)	Combined Test(Exponents+ Squares+ Cubes +Rational/ irrational)
	8		Time(Half-Hour)	Rounding&Estimation	Ratio & Proportion
III	9	STARTER TESTS	Money(Coins)	Decimals (Money)	Percentage
	10		Calendarreading	Combined Test (Fractions/ Decimals/ Estimation)	Profit/ Loss
	11		Combined Test (Measurement/ Money)	Measurement (Length/Weight)	Combined test (Ratio+ percentage+ profit/ loss)
	12		Combined Test (Time/ Calendar)	Time (Elapsed)	Playing with numbers
MOVER TEST					
IV	13	STARTER TESTS	Class 3 Preview: Skip Counting+.Patterns	Mental Math	Arithmetic progressions
	14		Addition (Double-digit without carry)	Combined Test (Measurement/ Time/ Mental math)	Combined test (playing with numbers+ arithmetic progressions)
	15		Subtraction (Double-digit without borrow)	Class6Preview: Integers	Algebraic expressions
	16		Combined Test (Add/ Sub 2 digit)	2D Shapes	Linear Equations
V	17	STARTER TESTS	Class 3 Preview: Simple Multiplication	Perimeter	Polynomials
	18		Fractions (Halves/ Quarters)	Area	Quadratic equations (Intro.)
	19		Shapes (Basic 2D)	Symmetry	Combined Test (Algebraic expression+ linear eq.+ Polynomials)
	20		Shapes (3D Intro)	Combined Test (Area/ Perimeter/ Symmetry)	Lines & Angles
VI	21	STARTER TESTS	Data (Tally Marks)	3D Shapes	Triangles and Pythagoras theorem
	22		Symmetry	Angles	Quadrilaterals
	23		Combined test (Shapes 2D 3D/ Symmetry)	Pictographs + Bar Graphs	Circles
	24		Class 3 Previews: Place value (tens/ ones), wordp	Probability	Combined Test (lines & angles+ triangles + Quadrilaterals+Circles)
FLYER TEST					

Months	Weeks		Content Breakdown		
			Category 1(Grades 1 and 2)	Category 2 (Grades 3, 4, 5)	Category 3 (Grades 6, 7, 8)
VII	25	STARTER TESTS	Addition (single digit)	Combined Test (Pictographs/ Bar graphs/ Probability)	Mensuration (Area and perimeter)
	26		Subtraction (Single digit)	Class 6 Preview:Ratio	Coordinate geometry
	27		Combined Test (Numbers/ Add/ Sub)	Class 6 preview: Simple equations	Symmetry
	28		Combined Test (Measurement/ Money)	Addition (3-digit with re grouping)+Subtraction	Trigonometry
VIII	29	STARTER TESTS	Combined Test (Time/ Calendar)	Multiplication(Tables1-10) + Division (2-digit ÷ 1 digit)	Volume
	30		Add (Double-digit without carry)	Revision Test (Add/ Sub/ Mult/ Div)	Surface Area
	31		Sub (Double-digit without borrow)	Revision Test (Frac tions/ Decimals/ Estimation)	Combined test (volume + surface area)
	32		Combined Test (Add/ Sub 2 digit)	Revision Test (Measure ment/ Time/ Mentalmath)	Probability
IX	33	STARTER TESTS	Combined test (Shapes 2D 3D /Symmetry)	Revision Test (Area/ Perimeter/ Symmetry)	Data Handling
	34		Addition(Single-digit)	Revision Test (Pictographs/ Bar graphs/ Probability)	Statistics (Mean/ Median/ mode)
	35		Subtraction(Single-digit	Addition (3-digit with re grouping)+Subtraction	Combined test (Data Handling + Statistics)
	36		Combined Test (Numbers/ Add/ Sub)	Multiplication(Tables1-10) +Division (2-digit ÷ 1 digit	Simple interest & Compound interest
	37		Combined Test (Measurement/ Money)	Revision Test (Add/ Sub/ Mult/ Div)	Time - Speed- Distance
MOVER TEST					
X	38	STARTER TESTS	Combined Test (Time/ Calendar)	Revision Test(Fractions/ Decimals/ Estimation)	Revision test (Integers+ Fractions + rational numbers)
	39		Add (2 digit withoutcarry)	Revision Test (Measure ment/ Time/ Mental math)	Revision test (Exponents + Squares + cubes)
	40		Sub (2-digit without borrow)	Revision Test (Area/ Perimeter/ Symmetry)	Revision test (Ratio + percentage + profit/ loss)
	41		CombinedTest (Add/Sub2digit)	Revision Test (Pictographs/ Bar graphs/ Probability)	Revision test (playing with numbers+ arithmetic progressions)
	42		Combined test (Shapes 2D 3D/ Symmetry)	Revision Test (Add/ Sub/ Mult/ Div)	Revision test (Algebraic expression+ linear eq.+ Polynomials)
XI	43	STARTER TESTS	Addition (Single-digit)	Revision Test (Fractions/ Decimals/ Estimation)	Revision test (lines & angles+ triangles + Quadrilaterals+Circles)
	44		Subtraction (Single-digit)	Revision Test (Measure ment/ Time/ Mentalmath)	Revision test (volume + surface area)
	45		Combined Test (Numbers/ Add/ Sub)	Revision Test (Area/ Perimeter/ Symmetry)	Revision test (Data Handling + Statistics)
	46		Combined test (Measurement/ Money)	Revision Test (Pictographs/ Bar graphs/ Probability)	Revision test (Integers+ Fractions + rational numbers)
	47		Combined Test (Time/ Calender)	Revision Test (Add/ Sub/ Mult/ Div)	Revision test (Exponents + Squares + cubes)
XII	48	STARTER TESTS	Add (2 digit without carry)	Revision Test (Frac tions/ Decimals/ Estimation)	Revision test (Ratio + percentage + profit/ loss)
	49		Sub (2 digit without borrow)	Revision Test (Measure ment/ Time/ Mental math)	Revision test (playing with numbers+ arithmetic progressions)
	50		Combined Test (Add/ Sub 2 digit)	Revision Test (Area/ Perimeter/ Symmetry)	Revision test (Algebraic expression+ linear eq.+ Polynomials)
	51		Combined test (Shapes 2D 3D/ Symmetry)	Revision Test (Pictographs/ Bar graphs/ Probability)	Revision test (lines & angles+ triangles + Quadrilaterals+Circles)
	52		All topic Combined test	All topic Combined test	Revision test (volume + surface area + Data Handling + Statistics)
FLYER TEST
